NATIONAL SERVICE SCHEME (NSS)

NAME OF THE ACTIVITY	<u>GUEST LECTURE ON ORGAN, SKIN AND EYE DONATION</u>
DAY AND DATE	30 TH JANUARY, 2020
OBJECTIVE	TO SPREAD AWARENESS ABOUT ORGAN, SKIN AND EYE DONATION
RESOURCE PERSON	EXPERT FROM ROBN Skin Bank National Burns Centre Sector-13, Airoli,
TARGET AUDIENCE	STUDENTS
NO. OF PARTICIPANTS	150
TAKE AWAY	<ul style="list-style-type: none">• To spread awareness about ORGAN, SKIN AND EYE DONATION• In case of burns, SKIN – the primary protective barrier of the body - is destroyed and the body is exposed to infectious agents.• If the burnt area is not immediately covered with some skin substitutes, then patients are prone to infection, fluid loss and ultimately death.• In case of smaller percentage of burns (lesser total body surface area burnt), skin from the un-burnt area of the patient is taken out and put on the burn wound to cover it. But when burns percentage is more than 40% to 50%, then the patient's own skin is not available to cover the burn wound. In that scenario we need some skin substitutes.• It is said that skin is the best substitute for skin. Thus, Skin donated after death (cadaveric skin) is the best and cheapest substitute compared to artificial skin substitutes. Such skin is a temporary dressing. But, it is important as it helps in patient's own skin to regenerate. 80% of such patients can be saved if we have enough skin in skin bank. Thus arises the need of skin donation. One can donate one's skin after death to save someone else's life

Name of the Activity	Webinar 'An Overview of Trafficking in India'
Day and Date	Thursday, 04/03/2021
Objective	<ul style="list-style-type: none"> To educate students about the issue of human trafficking on the World Day of Fight Against Sexual Exploitation To provide a view from the ground-level view of the issue vis-a-vis the talk delivered by the resource person (an activist in the fight against human trafficking) To create awareness amongst students about what can be done about trafficking and sexual violence prevalent in the society
Resource person	Pallabi Ghosh (Impact & Dialogue Foundation)
Target audience	Students
No. of participants	50- 47 students, 1 speaker and 2 teachers
Take away	The webinar provided a ground level picture of what it takes to be in anti-trafficking activism. The speaker put forth the basics of how the trafficking rings in India function and what are the major causes because of which many people from several marginalised sections get lured into trafficking. The relationship between trafficking and poverty is compounded by several other factors including uneven development of various states within the country, porous borders and even natural disasters. The speaker made a strong argument for women being upholders of patriarchy and strong defenders of those who are involved in trafficking. She gave several instances from her personal experience that made the webinar interesting for the participants. The students were inquisitive about what happens on the ground level and wanted to know more from the speaker. They expressed their eagerness to know what they can do as a civilian and as a young adult to put a stop to trafficking in the country. One could see that they were sensitised towards the issue and were left better informed about it at the end of the webinar.

'Black Day, Murder Of Democracy'
26/03/2021, 10:12:59

New Delhi: After the Prime Minister passed the Government of National Capital Territory of Delhi (Amendment) Bill, 2020, on Wednesday, chief minister Arvind Kejriwal said it was a "black day for Indian democracy". Deputy CM Manish Sisodia described the bill as "dictatorship".

The amendment seeks to strip powers to the local government and is likely to lead to a confrontation between the elected government and the central government, as pointed out by the US. After the passage of the legislation, Kejriwal lamented, "We passed GNCTD Amendment Bill. Last day for Indian democracy. We will continue to struggle to restore power back to people. Whatever be the obstacles, we will".

THE LAW WANTS US TO LEARN AND EVOLVE

The Law of Karma is like the observant Parent who cautions the child against playing with the stove. But the child persists in its disobedience and sooner or later receives a burn. The burn is not a punishment for disobedience to the Parent but is a violation of the Natural Law. The child now begins to relate the stove with the burn and begins to see sense and reason behind the admonition of the Parent.
